CONSENT TO RELEASE INFORMATION TO MEDICAID

See Medicaid Consent form:                      \_\_\_\_ YES                      \_\_\_\_ NO

I have read the Le Roy School Technology Notice: Authorization for Internet Access and Publicity Permission, and I understand that access to the internet/web is designed for educational purposes and that the LeRoy School District has taken precautions to eliminate controversial material. However, I recognize that it is impossible to restrict access to all inappropriate materials. I will hold harmless the LeRoy School District, its employees, agents or School Board Members, for any harm caused by materials or software obtained via the network. I accept full responsibility for supervision if and when my child's use is not in a school setting.

I also acknowledge that I am familiar with and understand the content in the Le Roy Student/Parent handbook that is available on the Le Roy CUSD#2 website.

The use of inappropriate material or language, or violation of copyright laws, may result in the loss of the privilege to use this resource. I have discussed the terms of this authorization with my child.

Google Apps for Education – 4<sup>th</sup>, 5<sup>th</sup>, and 6<sup>th</sup> Grade Students Only

LeRoy CUSD #2 is offering students a free educational suite of applications for use to enhance teaching and learning. Google Apps is a concept known as “cloud computing” where services and storage are provided via the Internet. The District is providing students Google Message Security, which is a service that provides system administrators the capability to limit messages based on where they are from, where they are going, or the content they contain. The District will use this technology protection measure to filter, to the extent practicable, access of visual depictions that are obscene, pornographic, and harmful to minors over the Internet.

Students will have the opportunity to receive access via an @leroy.schools.org e-mail address, not a traditional @gmail.com address. The Google Apps for Education allows us to limit e-mails to file sharing between students and teachers that have only the @leroy.schools.org address extension. While students and teachers can access their @leroy.schools.org account and documents anywhere, anytime, they can only send and receive e-mails to and from the @leroy.schools.org address extensions (ie, students cannot send or receive e-mails to or from e-mail addresses such as @hotmail.com, @gmail.com, @leroyk12.org, etc).

In addition to these extensive restrictions, all exchanges between students-teachers, teachers-students, and students-students are automatically stored for our access. Accounts are monitored to ensure appropriate use, but we also rely on students, teachers, and parents to help us intercept misuse. The purpose of Google Apps for Education is solely for educational purposes. Any other use is in violation of the district’s Authorized Use Policy (AUP), which all parents sign at registration and is available on our website:  
[http://lsh.leroyk12.org/uploads/useruploads/files/new\\_aup\\_&\\_byod.pdf](http://lsh.leroyk12.org/uploads/useruploads/files/new_aup_&_byod.pdf)

In order for students to gain access to Google Apps for education, LeRoy CUSD #2 must obtain parental permission as per the Child Online Privacy Protection Act (COPPA). COPPA is a regulation that requires parental consent for the online collection of information about users under 13.

*I have read and understand the Google Apps for Education Permission form, and I understand that access to the service is designed for educational purposes. I have discussed the terms of this authorization with my child, and acknowledge that I am familiar with and understand the content in the district’s Authorized Use Policy.*

\_\_\_\_\_ I give my child permission to receive an @leroy.schools.org account

\_\_\_\_\_ I do not give my child permission to receive an @leroy.schools.org account
