## Assignments

### Assignments For a Student Absent from School

A parent/guardian may phone the school to pick up assignments in the office or to have them sent home with a sibling or a friend. Unless other arrangements have been made with the teacher, the assignments need to be picked up between 3:00 and 3:30.

### Assignments For a Student on Vacation

Parents/guardians must notify the teacher one week in advance for assignments to be sent with the student. Teachers will make an effort to prepare assignments; however, not all are of a paper and pencil nature.

### Make-Up Work

It is the student’s responsibility to see that the work is made up and returned. The student who is absent for an excused reason will be given a period equal to the number of days absent plus one day to make up assignments. If the student does not return work in this time period, the assignments may be given no credit. If your student has an unexcused absence, assignments may receive no credit.

The teacher or principal may give an additional amount of time for assignments to be completed if there are extraordinary circumstances.

## Grading Scale

## **Honor Roll**

The Honor Roll for grades three, four, five and six will be divided into two categories as follows:

- **High Honors** - All "A's" in the core subjects
- **Honors** - "A's" and "B's" or all "B's" in the core subjects

A student receiving a grade of "C" in art, music, band and/or physical education will be exempt from High Honors but will be eligible for Honors. A student receiving a grade of "B" in art, music, band and/or physical education will be eligible for High Honors.

Honor Rolls will be published in the local papers. Recipients will receive a certificate from their homeroom teacher.

## **Progress and Report Cards**

The purpose of the report card is to report to the parents/guardians the student's academic progress. The classroom teacher will update grades via Skyward weekly. Parents of students in grades K-2 will receive copies of student report cards. Parents of students in grades 3-6 will need to access Skyward for the report card. In addition to the report card, other means of reporting progress or lack of progress will be used.

- Parent-teacher conference in the fall
- Phone/Email conversations
- Notes sent home with students
- Pre-arranged conferences during the year by the request of the teacher or parent/guardian. Parents are strongly encouraged to seek conversations with your child's teacher.

**If you do not know your login and password, please contact the main office at 962-4771. As a parent you may choose to have an email sent to you each week with your child's updated progress.**

## **Promotion and Retention**

Promotion from one grade level to the next highest grade level will be based upon the following:

- Attendance
- *Assessment Data*
- Overall Academic Performance

Retention will be considered when any one of the above factors has not been met. The decision for retention of a student shall be made only after a conference has been held with the child's teacher, the principal and the parent(s)/guardian.

## **Parent-Teacher Conferences**

Planned parent-teacher conferences are scheduled each fall. In addition, parents/guardians and teachers are encouraged to call a conference at any time during the year when either party feels the need to discuss some aspect of the pupil's development. At any point you feel that you have concerns with your child's academic, social, or emotional development a STAT Team meeting can be called to help problem solve and seek solutions for best educating your child. Please contact your child's teacher to set up a meeting.

**Parents/Guardians will not be allowed to enter their child's classroom without a scheduled appointment with the classroom teacher. All parents are required to check in with the Elementary Office before entering the building. The Elementary classroom hallways are restricted each morning until 8:00 am. Parents and guests may also not enter the classroom hallways after dismissal (3:08 pm).**

## **Related Educational Services**

### **Special Education**

In cooperation with Tri-County Special Education Association, instruction for children requiring special educational services are available. These services include a continuum from consultation to inclusion to self-contained classrooms. We also have available the services of a psychologist and a social worker. Parents/guardians requesting an evaluation for their child must first consult with their child's classroom teacher.

### **Reading Recovery**

The goal of Reading Recovery is to dramatically reduce the number of first-grade students who have extreme difficulty learning to read and write. Reading Recovery is a highly effective short-term intervention (15-20 weeks) of one-to-one tutoring for low-achieving first graders. The intervention is most effective when it is available to all students who need it and is used as a supplement to good quality classroom teaching. It serves the lowest-achieving first graders—the students who are not catching on to the complex set of concepts that make reading and writing possible.

### **STAT (Student and Teacher Assistance Team)**

This team is made up of teachers, Tri-County staff, counselor, and administration. The team meets on a regular basis to meet the needs of our students. The purpose of the STAT team is to discuss students who are experiencing academic, social, or emotional difficulties. The team brainstorms ideas to assist the regular classroom teacher in working more effectively with the student. Suggested ideas are applied to the classroom and the team monitors student progress. Parents/guardians are invited to STAT meetings and have an active role in the process. The STAT team serves as a student support and pre-referral team.

### **RTI and Progress Monitoring**

Our school believes in providing the best educational opportunities for every child. As a school, we believe in using screening tools and assessments to measure your child's academic growth and to identify areas of concern. Our grade level teams, STAT team, and the principal create intervention plans for children who need additional services or programs to increase their academic growth. RTI (Response to Intervention) is a systematic approach to closing achievement gaps in student learning. RTI is providing high quality instruction and using interventions that match the student's needs. Data analysis and rates of improvement are used to make important educational decisions. Specific and effective research-based interventions are used with the students. There are three tiers of interventions within the RTI model. Tier 1 is a universal intervention. Typically 80-90% of students receive instruction in this manner and are successful. Tier 2 is an intervention for students who are at-risk in a particular content area. Tier 2 is typically used for 5-10% of our student population. Tier 3 is an intensive individual intervention. This is high intensity one on one instruction for a longer period of time. Typically 1-5% of students need this level of intervention.

### **Student Assistance Professional-Counselor**

LeRoy CUSD #2 provides a student assistance counselor for our students. Students may ask to speak with the counselor, Mr. Jon Simon. Classroom teachers, parents/guardians, or other school personnel may make referrals. Parent's consent is sought for individual counseling. Mr. Simon may be contacted at 962-4771 ext. 335 for more information concerning this program and is at the Elementary School on Mondays, Wednesdays, and Fridays.

### **Social-Emotional Interventionist**

During the 2020-21 school year, Mrs. Traci Holtke will be providing targeted assistance and professional development in the area of social-emotional health and behaviors. We are taking a proactive approach to support our students with strategies for their success.

### **504 Plans**

It is the policy of the LeRoy School District to provide a Free and Appropriate Public Education (FAPE) to each disabled student in its jurisdiction, regardless of the nature or severity of the disability. Under section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. Section 794, any student who has a physical or mental impairment, which substantially limits one or more major life activities, is considered handicapped. The School District has established a system of procedural safeguards for the identification, evaluation, and educational placement of these students. A person can be evaluated for 504 eligibility by contacting the building principal.

## **Physical Education**

Physical education is offered to students in grades K-6 five days a week.

### **PreK through Sixth Grade**

Students are required to have a pair of gym shoes just for physical education. They do not have to be NEW, just clean. This assures that students will always have their gym shoes at school and also prevents the students from tracking dirt and water into the gymnasium from outside. Gym shoes should be secured with laces or Velcro. (NO slip-on type of shoe is allowed.) Gym shoes must be marked with first and last name. When dresses are worn, girls are requested to wear shorts or tights under their dress.

Students in grades 1-4 are graded primarily on participation, effort, behavior, and following directions.

Students in 5th and 6th grades are graded heavily on attitude and participation.

## Attendance Expectations and Procedures

Attendance is a key factor in student achievement and success in education. The responsibility for regular student attendance is the responsibility of the parent(s)/guardian(s) and the student. Illinois School Code (Section 26-1) states:

Whoever has custody or control of any child between the ages of 7 and 17 years shall cause such child to attend some public school in the district wherein the child resides the entire time it is in session during the regular school term.

Regular attendance is essential if a student is to make use of the educational opportunities the District offers. Success in school is linked closely with being in the classroom, joining in class discussion, and doing assigned work on a daily basis. Only by being in the classroom can students take full advantage of ideas, explanations of assignments, and other material that enriches his/her learning. Regular attendance develops dependability and responsibility in the student and contributes to academic achievement. For these reasons removing students from school for vacation trips is discouraged. *Parent(s)/Guardian(s) are responsible for their child(ren)'s regular school attendance.*

The District shall not be responsible for the educational progress of the student who fails to maintain regular attendance habits.

### **Daily Attendance Policy**

When a student is absent from school due to illness, it is the parents' /guardian's responsibility to call the school prior to 8:45 a.m. stating the reason for the absence. **Absences not reported to the office will be counted as unexcused.** To report an absence, call **962-4771 and leave a message on the voicemail.** A doctor's excuse will be required when a student is absent **five (5)** or more consecutive days and/or after the **tenth (10th)** absence of the year. **Please submit doctor notes for appointments.**

### **Excused Absence**

An excused absence is defined as any absence that is prearranged or reported by a parent/guardian by 8:45 a.m. on the day of the absence. Absences will be excused for student illness, family emergency, death in the family, approved school activities and any other circumstance deemed appropriate by the principal. The first five (5) days of the vacation will be deemed "excused absences". All days thereafter will be deemed "unexcused".

### **Valid Causes for Absences**

A child may be absent from school because of illness, observations of a religious holiday, death in the immediate family, family emergencies, circumstances, which cause reasonable concern to the parent for the safety or health of the student. Any student absent from school due to illness should NOT attend an evening event.

### **Unexcused Absence**

An unexcused absence is defined as any absence that is not an accepted prearranged absence or any absence not reported by a parent/guardian by 8:45 a.m. on the day of the absence. The school retains the authority to approve or disapprove a student absence even if the parent has informed the school of the absence.

### **Chronic Truancy**

A "truant" is a child subject to compulsory school attendance and who is absent without valid cause from school for a portion or all of the school day. A "chronic truant" is a child who is absent without valid cause for 5% or more of the previous 180 regular school days.

The School District will determine if the student is truant, chronic or a truant minor. Diagnostic procedures will be used for identifying the cause(s) of the unexcused absenteeism. Diagnostic procedures may include but are not limited to interviews with the student, his or her parent(s)/guardian(s), and any other people who may have information.

The following supportive services may be offered to truant or chronically truant students:

- Parent-teacher conferences
- Letter notification
- Personal conference with principal
- Referral to STAT
- Assistance from the school nurse
- Student and / or family counseling
- Information about community agency services

The building principal will communicate with the Regional Office of Education Truancy Officer about attendance concerns.

### **Vacations During the School Year**

Parent/guardians are encouraged **not** to take their children out of school for vacations. When a family vacation must be scheduled during the school year, the parents must notify the principal in writing or email at least one (1) week prior to the trip. The first five (5) days of the vacation will be deemed “excused absences”. All days thereafter will be deemed “unexcused”.

See **Make-Up Work** for guidelines for missed assignments.

### **Tardiness**

Plan ahead and set good morning routines in order to avoid being tardy. Be prompt! There are very few excuses for tardiness. A child is considered tardy if she/he is not in her/his room by 8:15 a.m. Fraudulent excuses or excessive tardiness will result in a letter from the principal.

## **Transportation Procedures**

### **Arrival and Dismissal**

In all aspects of the arrival/dismissal plan, safety takes precedence over expediency. We will strive to promote an efficient plan; however, we will not compromise safety standards in order to hasten the arrival/dismissal process. We appreciate the patience that is required as the LES staff safely receives and dismisses over 450 students each day. It is of great importance that LES is a safe place for your child. Your partnership is essential in ensuring the safety of our children. In addition to promoting safety, we ask that you demonstrate respect and consideration for neighbors by following the prescribed plan for arrival and dismissal. For safety reasons, there is no off-school grounds area for dropping off or picking up students.

**Our school OFFICIALLY OPENS AT 8 A.M. each day.** If your family must drop off before 8 A.M., the earliest supervision is provided in the cafeteria at 7:45 A.M.

**If you need early morning care, we offer tuition-based before-school care as early as 6:30 a.m. Mrs. Maggie Baughman is the Director of before-school care programming. [baughmanm@leroyk12.org](mailto:baughmanm@leroyk12.org) or 309-962-4771 extension 306**

All students are dismissed at one bell at 3:08. They are safely escorted by an adult at that time. Closing classroom activities are important. Students should not be removed from the classroom prior to 3:08.

*If there is a change of routine for your child, such as walking to a friend's instead of riding the bus home, notify the school via a note to your child's teacher or a telephone call to the school office. Please do not email to the classroom teacher last minute changes.*

### **Automobile Traffic**

#### **Before School Drop-Off and Dismissal Pick-up –**

Families whose youngest or only student is in grades pre-k through 1st will be assigned to the parent pick-up/drop-off station located at the rear of the building (east end – playground area). Families whose youngest or only student is in grades 2 through 6<sup>th</sup> will be assigned to parent pick-up/drop-off station located at the front of the building (west end/reverse drive). **Please create a windshield identification card to be used at dismissal each day.** This card should be placed in the windshield of your vehicle where it can be seen and should contain the last name of any student being picked up in your vehicle. Post the windshield ID card daily.

### During the School Day

The circle drive and parking places in the reverse drive are reserved for visitors during the school day. For special events, parking may also be found in the rear parking lot. Please note: If you park in the front lot between 2:30 – 3pm, you will most likely become blocked in by the parent pick-up lines.

### **Bicycles, Scooters, Skateboards, Roller blades, Motorized Scooters**

Students who ride bicycles or scooters to school shall observe safety rules and procedures for the use of bicycles and scooters. Bicycles brought to school must be stored in the bike racks provided by the District. Bicycle and scooter riding on the school playground is prohibited. Those students who do not exhibit cyclist courtesy or who do not follow District safety rules shall be prohibited from bringing their bicycle or scooter to school. The student's parent/guardian will be contacted explaining the reasons for denial to the student of this privilege.

All bicycles and scooters shall be "walked" up the sidewalks of the Elementary School property to the bike racks. Students must provide their own locks for bicycles. The school is not responsible for stolen property.

**NO SKATEBOARDS, ROLLERBLADES, MOTORIZED SCOOTERS are permitted during the hours school is in attendance.**

**Bus Regulations - Director, Mr. Chip Warlow 962-6028 or [warlowc@leroyk12.org](mailto:warlowc@leroyk12.org)**

**Bus Safety & Discipline - Mrs. Baughman 962-4771 x. 306 [baughmanm@leroyk12.org](mailto:baughmanm@leroyk12.org)**

Bus Transportation Director is Mr. Chip Warlow and can be reached at the bus garage at (309) 962-6028. Students who live a distance of at least one and one-half miles from the Elementary School are eligible to ride the school bus. Only students who are eligible bus riders may ride the school bus to school or home. Students are not permitted to ride the bus with friends without a parent note and permission from the bus garage.

The bus driver has total responsibility for conduct upon the bus. Improper student conduct on a school bus can directly affect the lives and safety of the other students and the driver. Any students who cause disruptions or vandalize the bus will be subject to temporary or permanent loss of bus privileges. Parents are not allowed on the bus.

To ensure the well being of all concerned, the following rules and procedures are in effect:

#### Previous to loading (on the road and at school):

Be on time at the designated school stops. Keep the bus on schedule.

Stay off the road at all times while waiting for the bus.

Be careful in approaching bus stops.

Bus riders are not permitted to move toward the bus at the school-loading zone until the buses have been brought to a complete stop.

#### While on the bus:

Keep hands and head inside the bus at all times after entering and until leaving the bus.

Stay in your seats while the bus is in motion. Keep legs and arms out of the aisle.

Remember that loud talking and laughing or unnecessary confusion diverts the driver's attention and may result in a serious accident.

Treat bus equipment as you would valuable furniture in your own home. Riders should never tamper with the bus or its equipment. Damage to seats, etc., must be paid for by the offender.

Leave no books, lunches, or other articles on the bus.

Keep books, packages, coats, and all other objects out of the aisle.

Help look after the safety and comfort of small children.

Do not throw anything out of the bus windows.

Assist in keeping the bus safe and sanitary at all times.

Horseplay is not permitted around or on the school bus.

Bus riders are expected to be courteous to fellow students and the bus driver.

ABSOLUTE QUIET IS REQUIRED when approaching a railroad-crossing stop, stop signs, and/or when traveling in congested city traffic.

Do not change seats unless instructed by the bus driver.

No food is to be eaten on the bus

In case of a road emergency, children are to remain with the bus unless instructed by the bus driver.

After leaving the bus:

Cross the road, when necessary, after getting off the bus at least ten feet in front of the bus, but only after looking to be sure no traffic is approaching from either direction.  
Help look after the safety and comfort of small children.  
Be alert to the danger signal from the driver.  
The driver will not discharge riders at places other than the regular bus stop at the home or at school unless by proper authorization from the parent or school official.

Extra-curricular trips:

The above rules and regulations will apply to any trip under school sponsorship.  
Pupils shall respect the wishes of a competent chaperone appointed by the school.

Discipline policy:

- 1st offense - Students who misbehave on the bus shall be issued a written warning by the driver that continued misbehavior will result in suspension from riding the bus. One copy of the warning will go to the building administrator, one to the parent, and the bus driver will retain a copy.
  - 2nd offense - A second offense will result in a letter being sent to the parent with a copy of the bus driver's written warning. Parents and the student will be notified that a third offense will result in a one-week suspension from riding the bus.
  - 3rd offense - A third offense will result in a one week suspension from riding the bus and a warning that continued misbehavior will result in a loss of bus service for the remainder of the semester or year.
- Note: Suspension days apply to days the student attends school.

**Gross misconduct on the bus may result in suspension from the bus on the first or second offense and additional school disciplinary action may be taken.**

**THE SCHOOL RETAINS THE RIGHT TO DENY BUS PRIVILEGES FOR THOSE STUDENTS WHO CONSTANTLY MISBEHAVE ON THE BUS AND/OR THREATEN THE SAFETY OF THE OTHER CHILDREN ON THE SCHOOL BUS.**

**Contact Mr. Warlow or Mrs. Baughman with any bus changes or concerns.**

## **Conduct and Behavioral Expectations**

The LeRoy Elementary School years can be a most rewarding experience both academically and socially. In order to ensure a meaningful learning experience for all children, each child must enjoy certain rights and assume certain responsibilities. Our goal is to provide a joyful school environment!

**Students' Rights at LES**

- A safe environment conducive to learning
- A well-trained, interested, and caring teacher.
- Appropriate and positive individual attention.
- An opportunity to express opinions and ideas.
- To benefit from library and school resources.
- To be treated courteously.
- To be proud of your school and classmates.

**Students' Responsibilities at LES**

- Be prepared for class.
- Bring proper materials to class
- Be at school.
- Behave in a manner proper for school.
- Be respectful of and cooperate with all teachers.
- Treat all others with respect and courtesy.

## **Care of School Equipment**

Each student is expected to assume responsibility for the care of all school property. Students who damage property accidentally are responsible for paying for the damages. Damage of a malicious nature will be considered a very serious matter and must be repaired or replaced. Laws of the State of Illinois provide that parents are responsible for property damage caused by their children.

## **Conduct on School Property**

The School District expects mutual respect, civility and orderly conduct among all individuals on school property or at a school event. While on school property or at a school event, activity, function, or meeting, including a meeting of the Board of Education or an education committee, no person shall:

- Injure, threaten, harass, insult, provoke or intimidate a staff member, a School Board member, employee, student or any other person
- Damage deface, or threaten to damage School District property or the property of another person
- Do any act which person knows, or should know, creates a risk of injury to another person or a risk of damage to another person's property
- Violate any Illinois law, or town or county ordinance
- Smoke or otherwise use tobacco on school grounds
- Consume, possess, distribute, or be under the influence of alcoholic beverages or illegal drugs, or possess dangerous devices, weapons, or guns.
- Impede, delay, or otherwise interfere with the orderly conduct of the District's educational program or any other activity occurring on school property
- Enter upon any portion of school premises at any time for purposes other than those which are lawful and authorized by the School Board
- Operate a motor vehicle in a risky manner or in violation of an authorized District employee's directive
- Engage in any risky behavior, including roller blading, or skateboarding
- Violate other District policies or regulations, or an authorized District employee's directive
- As circumstances warrant, the District's administrators shall take appropriate action as outlined in School Board Policy: 8:30.

## **Discipline**

"Teachers and other certified educational employees shall maintain discipline in the schools. In all matters relating to the discipline in and the conduct of the schools and the school children, they stand in the relation of parents and guardians to the pupils. This relationship shall extend to all activities connected with the school program and may be exercised at any time for the safety and supervision of the pupils in the absence of their parents and guardians." (The School Code of Illinois)

Discipline/consequences are progressive in nature.

Example: 1<sup>st</sup> offense-1 lunch/recess detention; 2<sup>nd</sup> offense-multiple lunch/recess detentions; 3<sup>rd</sup> offense-after school detention(s); 4<sup>th</sup> offense-in-school suspension.

If a situation warrants a more aggressive discipline/consequence approach, administration may assign in-school or out-of-school suspensions.

Standards and procedures for individual conduct and class control are developed for implementation in order to maintain an environment conducive to learning. Thoughtful discipline can be a means of fostering growth toward maturity and responsibility.

Cooperation among parents/guardians, teachers, and administrators is both necessary and desirable. In order for students to benefit from disciplinary procedures, it is most important that they understand the reasons for such actions.

School Administrators or school-designated officials have the authority over any person at any school function or school activity.

Students enrolled in LeRoy Elementary School have the responsibility and obligation to conduct themselves properly at all times and see that their behavior does not interfere with the rights of their fellow students.

We believe that the responsibility for appropriate student behavior rests PRIMARILY WITH THE STUDENT and the parent/guardian with support from the school staff.

### **Discipline at School and District Sponsored Events**

- All LeRoy School students are to exhibit the same kind of behavior at all school-sponsored events that is expected during the regular school day. **Proper parental supervision at such events is expected. Students in grades Prek -4 must be accompanied by an adult.**
- When students attend school functions, they are there to observe the events and are to remain seated until proper times for moving around.
- Unacceptable behavior may result in the student not being permitted to attend future events.
- If a student is absent from school, he or she is not expected to participate in and/or observe an after school event. (Special consideration will be given to students who have planned absences. These planned absences should include medical and dental appointments *and family emergencies.*)
- Once a student attends an after school event, he or she is expected to remain for the entire event. (Unless special requests are made to the supervisor of the event, or the student is asked to leave because of misconduct.)
- Students will be expected to leave promptly after all school-sponsored activities. Failure to do so can result in the student being prohibited from participating in or attending other school sponsored activities.

### **In-School Suspension**

In-school suspension is a method of removing a disruptive student from the normal classroom setting for a period of time. With in-school suspension, the student will have the chance to make up classroom assignments wherever possible, which he or she would miss while serving the in-school suspension. Students will receive credit from their teachers for the work, which is completed and turned in while serving the in-school suspension.

Students who are serving in-school suspension are not allowed to attend or participate in any extra-curricular activities on days they are serving the in-school suspension.

The following steps shall be taken regarding students who are placed on in-school suspension:

- A student will be separated from the rest of the student body the entire day.
- Students are not to attend any after-school extra-curricular activities.
- Students will have class assignments brought to them to work on during the school day.
- The student earns credit for each class assignment by fully completing the assignment.
- The student will be in the in-school suspension area during the lunch hour. (Students can bring their lunch from home or purchase it from the school cafeteria.)
- A student serving in-school suspension must adhere to the following rules.
  - School assignments must be continually worked on until completed during the in-school suspension.
  - No talking, to other students or office personnel.
  - No sleeping during in-school suspension.
  - No writing on in-school suspension areas.
  - The student may not move from the suspension area without permission of the principal.

- Before suspension, the principal will meet with the student to discuss the behavior(s) resulting in the suspension. The student will be given the opportunity to respond. A pre-suspension conference will not be required and the student can be immediately suspended when the student's presence pose a continuing danger to persons or property or an ongoing threat of disruption to the education process. In such cases, the notice and conference shall follow as soon as practicable.

### **Students**

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner, which is reasonably related to its objectives and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

When feasible, the search should be conducted as follows:

- outside the view of others, including students;
- in the presence of a school administrator or adult witness; and

Immediately following a search, a written report shall be made by the school authority that conducted the search, and given to the Superintendent. The student's parent(s)/guardian(s) shall be notified of the search as soon as possible.

### **Seizure of Property**

### **Harassment/Intimidation/Bullying**

Prevention of and response to bullying, intimidation, and harassment:

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals. Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property.
2. Causing a substantially detrimental effect on the student's or students' physical or mental health.
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to any staff member with whom the student is comfortable speaking. Anyone, including staff members and parent/guardians, who has information about actual or threatened bullying is encouraged to report it to the building principal or any staff member.

LeRoy Elementary School strives to maintain an environment in which students can attend school, ride school buses, and participate in activities free from any form of harassment, intimidation, and/or bullying. *Second Steps* lessons help students learn to interact with others in a respectful and caring manner. Mr. Simon, school counselor, also works with classrooms and individual students to help all students understand the negative effects of bullying, intimidation, and harassment.

Harassment, intimidation, and/or bullying of any type will not be tolerated at school or at any school-related activity. Students must realize that any type of harassment, intimidation and/or bullying, whether physical, verbal, sexual, or general in nature is against the law and school policy. Students who feel they are the target of harassment, intimidation, and/or bullying must report the incident to a school employee.

Students found guilty of harassment, intimidation and/or bullying face disciplinary action at school. Parents/guardians of students involved in such activity will be contacted and interventions will be discussed. A systematic and programmatic approach for prevention and intervention is provided for all students and teachers.

### **Sexual Harassment**

The School District shall provide students an environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment as defined and otherwise prohibited by State and Federal law. Sexual harassment prohibited by this policy shall include verbal or physical conduct. The terms intimidating, hostile or offensive include, but are not limited to: conduct, which has the effect of humiliation, embarrassment or discomfort. Sexual harassment will be evaluated in light of all the circumstances.

A violation of this policy may result in discipline, up to and including suspension. Any student making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action up to and including expulsion.

Aggrieved persons, who feel comfortable doing so, should directly inform the person engaging in sexually harassing conduct or communication that such conduct or communication is offensive and must stop.

Students should report claims of sexual harassment to their teacher, Student Assistance Counselor, or the Principal.

In the event of one diagnosed case of a communicable disease such as measles or mumps, any student who is not protected by immunizations shall be immediately excluded from school. Students who become ill during the school day will be sent to the office. Parents / guardians will be notified, if necessary. It is important to keep an up-to-date telephone number on file with the office AND in skyward, so parents may be easily reached.

Parents/guardians are expected to pick up students promptly.

If a child is ill, he/she should stay home and/or be taken to a physician. Students should not come to school if they have a fever and/or a persistent cough. A sick child is unable to concentrate and may infect others in the class. Parents are asked to notify the school office if their child has a case of head lice that has not been detected at school. It is important for the school to be notified, so appropriate measures may be taken.

At school, the staff is to notify the principal's office or the nurse's office if a child is suspected to have head lice. The school nurse or school staff member as designated by the principal will check the child. If a student is found to have live head lice, the following procedures will be followed:

- The parent/guardian will be called and asked to provide prompt pick up for the child. The school nurse will provide information on the treatment of head lice to the parent/guardian.
- All siblings of the child will be identified and checked.
- Students are to report directly to the office when they return to school. They will again be checked for signs of live head lice. If confirmed, the child will again be sent home. If no evidence is found, the child may remain in school.
- The student will be re-checked daily for 1 week, then weekly x 2 weeks.

**Medication**

Teachers and other non-administrative school employees, except the school nurse, shall not be required to administer medication to students. Parent(s)/guardian(s) are responsible for administering medication to their children. Administering medication during

If the screenings indicate that a student should receive a more extensive examination by a physician, the parent/ guardian will be notified in writing..

## **SAFETY ISSUES**

### **Accidents**

In spite of our caution, accidents sometimes happen at school. All accidents and illnesses that occur at school or at a school function are reported to the office and recorded. Minor accidents will be handled at school. If they are considered serious, parents will be notified. If the parents cannot be contacted, the emergency contact person or physician designated in Skyward will be notified. The school is NOT liable for accidents that happen at school. See page 26 for information concerning school insurance.

### **Emergency Drills**

LES has established a comprehensive crisis plan and has in place a trained crisis team to assist in times of emergency and distress. Students are informed of the safety codes and procedures. At regular times throughout the year fire, tornado, earthquake, lockdown, and evacuation drills will be held. These drills are necessary for the safety of the students.

### **Inclement Weather / Emergency Dismissal Procedures**

Early dismissals, due to emergencies, will be announced on the TV and/or radio stations.

Each family must have a plan for such emergencies worked out so the child will know the procedures he/she is expected to follow.

You will also get an automated call from our Skyward system notifying you that school is cancelled. In order to make sure you receive this call or email, you need to make sure your primary phone numbers stay current in our Skyward system.

### **Leaving or Entering the Building While School is in Session**

If a student must enter or leave the building while school is in session for reasons other than illness, he/she must present a note to his teacher. Although we have no intention of spraying or fogging with pesticides, in the unlikely event that this is found necessary, we are creating a voluntary registration. By putting your name on this list, you are asking to be notified two days before airborne pesticide application. In the event of an extreme emergency and pesticides must be used immediately, we will notify you as soon as possible. Send a written request to the school office to be added to the registry. This request must be made annually.

## **Security**

We are very conscious of the safety of all students. For this reason, all doors are locked from 8:15 a.m. until 3:08 p.m. To obtain entrance to the building, visitors must enter through the main entrance door off the circle drive. **Free or reduced lunch applications are available from both the unit office and school office. A new application must be filed at the beginning of each school year. The parent/guardian will be notified of the approval of the application by the unit office.**

### **Lunch**

Our student management software will allow the office to keep an accurate accounting of the meal account for all students. In order for the program to work efficiently and to save time, parents are encouraged to send in payments on a monthly basis. If you are unable to send in monthly payments, we suggest weekly payments. The classroom teacher will collect lunch money and forward to the office. Parent(s)/guardian(s) should place lunch money in an envelope or baggie labeled with the student's name, teacher's name, description of what payment is for, and amount enclosed. You may also pay online with a credit/debit card.

In an emergency, a child will be allowed to charge a lunch. A notice will be sent to the parent/guardian indicating the charges the child has incurred. **Please keep lunch account paid.** Delinquent notices will be sent home. **You will also have the option to receive e-mail notification and to check your balance on Skyward.**

- **Soda is strongly discouraged at lunch. NO energy drinks.**
- **Water bottles are allowed in all classrooms. We encourage students to drink water throughout the school day.**
- **Food Allergies: Please be sensitive to student food allergies when bringing in birthday treats for snacks. Please communicate your child's needs with the school nurse and classroom teacher.**

### **Milk**

No money will be accepted in the cafeteria line for milk. You may include milk money with your monthly lunch payments. **Students purchasing milk will be required to go through the lunch line like the hot lunch students so that milk purchases can be recorded on their lunch accounts.** The cost is \$.30 per carton of milk.

## Student Records

### **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT AND STUDENT RECORDS**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records.

- The right to inspect and review the student's education records within 45 days of the day the district receives a request for access.

A parent/guardian or eligible student should submit to the Records Custodian, Principal or other appropriate official, written requests that identify the record(s) they wish to inspect. The District official will make arrangements for access and notify the parent/guardian or eligible student of the time and place where records may be inspected.

- The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate or misleading.

A parent/guardian or eligible student may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent/guardian or eligible student, the District will notify the parent/guardian or eligible student of the decision and advise the parent/guardian or eligible student of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the parent/guardian or eligible student's education records, except to the extent that FERPA authorized disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District in an administrative supervisory, academic, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the District has contracted (such as an attorney, auditor, or collection agent); or a person serving on the Board of Education.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, S.W.  
Washington, D.C. 20202-4605

Directory information may be disclosed without prior notice or consent unless the parent/guardian or eligible student notifies the Records Custodian or other official in writing, before October 1 of the current school year, that he does not want any or all directory information disclosed. Directory information includes the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous agency or institution attended.

If a situation arises in which a parent defies a protective order or custody agreement at school, every effort will be made to contact the other parent and / or the local police.

Non-custodial parent(s)/guardian(s) would wish to receive copies of student's report cards and school newsletters should request the information in writing from the school principal annually. Feel free to visit the school website for school news and to access Skyward, most information is online.

Following Board Policy no student will be released to any person other than the custodial parent(s) or guardian(s) without the written or oral permission of the custodial parent(s)/guardian(s).

**If for any reason a child is not to be in contact with a non-custodial parent or other individuals, then current court documents must be on file in the office. Teachers and office personnel should be advised in writing of such situations.**

## **Transferring from LES**

- Books have been returned to the teacher.
- All fees should be paid up, such as library overdue books, book rental, Chromebook, and lunches.
- If there is any refund due, such as registration fee or lunches, it will be refunded.

### **Library**

If a library book is misplaced, a book fee of \$20.00 will be charged to you.

### **Field Trips**

Student trips of significant educational value are encouraged and shall be scheduled as facilities and finances permit. The trip schedule shall be coordinated with the classroom teacher or group sponsor about time, special clothing needed, sack lunches, etc. Field trips are intended to be an educational experience for the student and their class and not a family trip. One parent/guardian or designee without additional children is encouraged to join their child, if space allows.

Teachers will notify parents in writing prior to each field trip. A signed parent permission slip will be required for all children to leave school property. A phone call will not suffice. Permission slips completed by parents in the registration packet will generally suffice for all field trips throughout the year.

When appropriate one parent/guardian or designee without additional children may join a child on the field trip. Parents who accompany a class on a field trip must provide their own transportation.

LES students may attend only those field trips for which their own class is participating.

All students must ride the bus to the field trip destination and back to school. Teachers may not release students from school at other than the regular dismissal times without the written permission of the custodial parent and 24 hour notice and prior approval of the principal.

No student will be released from school to any person other than the custodial parent(s)/guardian(s) without the written permission of the custodial parent(s)/guardians(s).

### **Lost and Found**

The lost and found is located near the cafeteria. Students who have lost something may look in the lost and found. Any student who finds something that does not belong to them should place the item in the lost and found. Writing your child's name on clothing and coat tags is very helpful.

The physical education department has its own lost and found. Students are responsible for their own property.

The lost and found will be periodically cleaned out and unclaimed items will be donated to a local charity. Students will be notified in advance when the lost and found is to be cleaned.

Please mark all personal property with student's name in ink or permanent marker. Label your child's book bag.

### **Movies At School**

Only G-rated movies may be shown at the elementary school on a limited basis. PG-rated movies may be shown with the specific and proper parent permission slips obtained.

### **Office Hours**

Office hours are from 6:45 a.m. to 3:30 p.m. - Monday through Friday. The office opens two weeks before the first day of school and remains open two weeks after the last student attendance day. The office is closed during all official school holidays and snow days.

## **Party Invitations**

To avoid hurt feelings, party invitations should not be distributed at school unless distributed to each child in the class. Groups of children going to parties should be picked up outside at the regular pick-up point --- not inside the building in the classrooms. School personnel cannot give the student's addresses or phone numbers to unauthorized individuals.

## **Recess**

Recess is scheduled daily for all students either before or after lunch. Kindergarten and first grade classes also have scheduled recesses during the late afternoon.

Students will not be required to go outside if it is raining, heavy snow is falling, or if the wind chill temperature is below 25 degrees. Children who have been ill must have a note from their parents requesting they not go outside. If children are to stay inside more than two consecutive days, a doctor's note is required. Children should dress warmly including coats, hats, and gloves.

## **Receiving Materials from Home**

Should students find it necessary to call home and ask that something be brought to school, the item is to be left in the school office. It will be the student's responsibility to check back in the office to pick up the item.

We ask that flower and balloon deliveries not be made to the school.

## **School Insurance**

Students have available to them accident insurance which may be purchased on an individual basis. Student accident insurance is required of all students participating in athletics and on-the-job-training, although an exception may be made if a student files in the office a parent or guardian signed statement that the family has adequate coverage.

When a school-connected accident occurs, the school section of an insurance form shall be completed and given or mailed to the parent for completion of the parent information section and forwarding to the physician treating the injury.

The insurance claim form should be given to your doctor for completion. There is also a section to be completed by the parents. The doctor or parents should then forward this claim to the insurance company.

## **School Parties**

Grades PreK-6 may have Harvest Day/Halloween, Christmas, and Valentine parties that do not exceed one hour in length. Christmas gift exchanges among students are not allowed.

\*Birthday treats may be sent or brought in by parents. In our continuing effort to promote healthy life choices, providing healthy, nutritious snacks are highly encouraged when possible. Each teacher, however, will determine when the treat is to be given to the pupils.

\*Food Allergies: Please be sensitive to student food allergies when bringing in birthday treats or snacks. Please communicate your child's needs with the school nurse and classroom teacher.

There should be no surprise parties at school during the school days without knowledge of the teacher involved and/or the building administrator.

## **Pets:**

Due to student and staff allergies, pets are not allowed in the building. Thank you for helping to keep all of our students safe and healthy.

## **School Pictures and Yearbooks**

School pictures are taken in the fall of each year. An announcement concerning the cost and exact date will be given to the students and parents in advance.

A school yearbook will be sold during the second semester and given to the students in May. Casual pictures are taken in the spring, with proofs going home in April to order photos if you choose.

### **Telephone Usage**

Students may use their classroom phone or office telephone to call parents. Students may not use the telephone for personal reasons such as asking permission to go to another child's home.

Parents/guardians may contact teachers by phone before or after school or leave a message for the teacher to return a phone call. Faculty and staff may also receive voicemail.

Teachers and school personnel may also be contacted via email.
